Re: Patent No. : US 7,625,805 B2
Issued : December 1, 2009
Title : PASSIVATION OF DEEP ISOLATING
SEPARATING TRENCHES WITH SUNK
COVERING LAYERS
Docket No. : LEO 008 PA

Sir:

When the printed patent was compared with the attorneys' file copy, the following errors were noted:

Col. 7, line 11, "respect to the level 4c planar" should read --respect to the level 4c of the planar--;

Col. 7, line 24, "filling of the trench 5a with fill material" should read --filling of the trench 5a' with fill material--;

Col. 8, line 42, "cap layer 9 is performed in tailored" should read --cap layer 9 is performed in a tailored--.

It is thought that these errors are not of material importance, and accordingly no certificate of correction is being requested. It is merely asked that this correspondence be placed of record in the file as calling attention to these errors.

Respectfully submitted,

Richard C. Stevens
